

Mountain Local

Originates at Fallon and does local industry switching on the mountain. The following is, in approximate order, the jobs the Crusher will complete during the day.

Switches FC&A Interchange. Takes cars for Dougherty's and runs east to Dougherty's. Swaps cuts of cars for Beroldingen Lumber, pulls and spots MofW spur and SCN team track as needed. Does not switch Beroldingen Lumber. Returns to Fallon.

Takes cars for Zayante and runs west to Zayante, switches cars and returns.

Switches local industries at Fallon. Blocks outbound cars for pickup by east and west Drags. Eastbound pickup should be blocked San Joses / Espees / WPs, left to right as you face the tracks. Assists Drags in making setouts and pickups. Spots FC&A interchange.
